GOSPEL MEETING AT BAPTIST CHURCH

All that anybody ever said about that fellow I. E. Reynolds and his wife and daughter, Miss Lurames Reynolds, being the best or at least equal to the best in gospel music leadership, is certainly true. Dr. Reynolds is a master of song, his wife a master of the piano. Miss Lurames is quite young but she handles the violin like one of the old masters. She shows talent that promises to lift her into the class of the world's greatest violinists.

The Reynolds family are leading the music in a series of meetings at the Baptist Church this week, and no one who has heard them feels disappointed. They measure up to the best. As was stated last week Dr. Reynolds is head of the Music Department of the Baptist Seminary at Fort Worth.

EVANGELIST BRANNON PREACHING GOOD SERMONS

Rev. J. D. Brannon, District Missionary and Evangelist, is conducting the preaching services. He is a strong young minister and is forceful in his sermons. He is sound and energetic, is preaching plainly to his congregations.

The meeting will continue through the Sunday night services.

FRIDAY NIGHT: the evangelist's subject will be "A Question that God Must Answer—What Must I Do to Be Saved?"

SATURDAY NIGHT: "What It Costs to Be Lost."

SUNDAY MORNING: "GOD'S BIGGEST TASK."

SUNDAY NIGHT: "The Greatest Sentence in God's Word."

The pastor urges everyone to come and hear the remaining services of great song and sermon.

BAPTIST PASTOR'S FATHER DIED

Rev. J. Henry Littleton was called early Sunday morning and was told his father was dying at Abilene, and while talking, he was informed that death had come.

Bro. Littleton and his wife hastened to Abilene and funeral and burial arrangements were arranged for 1 o'clock at the home of a daughter, Mrs. Cotton, in Abilene Monday, and final services at the Baptist Church in Eastland at 3:30 P. M.

Burial was by the side of the companion who died, Sept. 15, 1927.

Mr. Littleton was 83 years of age. Mr. Littleton was 83 years of age and a native of Hartsville, Tenn.

He is survived by four sons and three daughters.

Frank White is in the Hamlin Hospital for treatment. He has been in failing health for several months but did not go to the hospital till last week. An operation was made Tuesday and it appears now that it will be some time before he can get out.

Miss Hattie Jo Bryson spent the past week-end as a guest of Mrs. Joe Ashburn in Tuxedo.

4 BALES COTTON REC'D BY THURS.

On Thursday of last week, August 22, the first 1935 bale of cotton was ginned in Hamlin.

The first bale was brought in by a Mexican by the name of O'Riveria, who works land on the Judge Bryan ranch north of Hamlin in Stonewall County. This was Fed H. Britton Gin's No. 1.

Bale No. 2 and also handled by the Britton Gin was also brought in by a Mexican, names S. Torres, also from Stonewall County.

Hamlin's bale No. 3 was ginned by the Farmers Co-operative Gin, and this No. 3 Hamlin bale became the gin's No. 1. It also was brought in by a Mexican by the name of Isaac Rogers who works land 12 miles west of Hamlin in Fisher County, on the Pardue farm.

The Farmers Gin received bale No. 4, from a Jones County man, by the name of W. M. Ludecke, living four miles east of Hamlin.

FARMERS HAVE NO TICKETS

Owing to the fact that the farmers have not yet received their government tickets they were unable to sell their cotton. It is expected that their quota of tickets will be ready soon.

HAMLIN COMMUNITY COTTON

BETTER THAN IN 1934

From every point of view, the cotton in this country is better than a year ago. It is fruiting better, the bolls are matured, and it is in most fields still fruiting. It looks as though the farmers will make all that their tickets will permit them to sell without paying the "over-plus" tax. But even if they should pay the government tax, still they will come out better than they would should they have not had the Bankhead Bill. It is better to get a fair price for most of it and a small net for the balance in preference to taking a killing price for all of it, owing to too much being produced.

CHAMBER OF COMMERCE

SECURED \$31.00 PREMIUMS

The Hamlin Chamber of Commerce as usual gathered a free donation from the business interests of Hamlin to be offered as premiums for the 1st, 2nd, and 3rd bales, brought in this season. It will be divided in 40, 35 and 25 per cent to the first three farmers.

Mrs. S. J. King of South Hamlin, was shocked to learn last Thursday afternoon that her brother, Olin Bouldin had been killed by a bolt of lightning while hauling a load of maize from his field to the barn. He lived 15 miles east of Stamford. Others on the wagon were burned or shocked but not seriously. One mule was killed.

Mr. and Mrs. John T. Day returned home Saturday from a fine three weeks' trip to Gainesville, Ga., to visit their daughter and husband, Mr. and Mrs. Garland Tumlin. Garland has been there for several months for his health. He has improved some but his physician advised against coming back till about Nov. 1. Mrs. Tumlin accompanied her parents home and later will return for her husband.

FOR TRADE

Have some nice Jersey heifers to trade for other cattle.

JONES BOYD (p)

Mr. and Mrs. J. B. Browne of Mangum, Okla., came down Monday night to be with their daughter, Mrs. Frank White and her husband who is very sick.

Mr. and Mrs. Harry Toler and daughter, little Miss Suzanne, of Austin, are here this week to visit their parents, Dr. and Mrs. A. E. Pardue.

Mrs. G. T. Holiday and little daughter returned Tuesday from Hico where they had visited relatives for the past two weeks.

Edward Bryson, who has been continuing his studies in A. & M. College during the summer, arrived home Monday for just a few days with his parents, Mr. and Mrs. Charles Bryson.

HASKELL TOOK THE 3 PLAY-OFF GAMES

Well, base ball fans, it's all over for this season. The Fighting Pied Pipers went down under an avalanche of innings—in other words they never surrendered, but seemed to be out-winded by the long legged, tough Haskell Indians.

Ye can't ever tell. Hamlin whipped Haskell to a raz, during the last half and never lost a game.

Haskell must have been lying low for the bitter end. They came to Hamlin in the first play-off and won in the 12th inning with their tongues hanging out, to the tune of 3 to 2.

Hamlin went to Haskell on Wednesday and got "sat upon" to the bag of 2 to 0. Nine innings, that time.

Sunday again the Indians took revenge, and after chasing the Pipers over all the vacant lots about Haskell for 14 innings they closed the misery with a skin of your teeth score making it 5 to 2 to Hamlin's 4. Some game, we say.

There is a lot to be said about these two teams, the best in Texas, not in the big leagues. Enough here to say that Courtney played the series and was the favorite of the fans and team. He pitched the entire 14 frames at Haskell Sunday. Haskell used two men, one of which was Gaut Hambright who stepped in at the beginning of the 8th and nobody scored after that till the last of the 14th.

Both Courtney and Hambright promise to go up in higher timber.

The Herald has information that R. L. Hicks of the City Meat Market, has sold out to Bill Cave, who will take charge of the business about the first of September. Mr. Hicks will continue to live in Hamlin and engage in the cattle business. Bill Cave is no stranger to Hamlin people as he has lived here before.

Mr. and Mrs. Emmett Phillips and daughter, Miss Beverly of Harlingen, visited in the home of Mr. and Mrs. F. D. Wells from Sunday till Thursday morning, when they left for a tour of New Mexico.

T. E. Hill and his son, Delmer, went to Clifton, Texas, Monday to attend the funeral of Mr. Hill's aunt. She was 79 years old and is survived by her husband, John Hill, who is now 80 years of age.

MRS. C. P. CHASTAIN.

City Marshal Jack Miles and family returned Monday from a visit to his old home in Kentucky. His mother accompanied them home for a visit with her children in this part of Texas.

WARNING TO BOYS

The City Marshal and Police instruct the Herald to say that 22 target shooting by boys or anybody in Hamlin must stop. It's against city law as well as state.

Take notice and avoid trouble.

Ed Bury, while at one of his oil wells, near Hamlin, Tuesday fell and re-injured his right leg that was hurt in an automobile wreck in Sweetwater on June 12. The muscles at the knee are so injured by the recent fall that he is perhaps in worse condition than the first injury.

Dr. F. A. White of Childress, a cousin of Frank White of this city, was down last week to visit Frank in the Hamlin Hospital.

A man from Handley, Texas, is to be here after the first of September to take Mr. Braymer's place.

LOCAL OFFICE AT THE WILSON

HARDWARE CO.

Mr. Braymer instructs the Herald to announce that bills payable to the gas company will be handled at the Wilson Hardware Co.

BOY SCOUTS TO CARLSBAD

Early Wednesday morning — in fact, at 3:00 A. M., Scout Master Griffin and 22 Hamlin Boy Scouts "trucked out" for a jaunt to Carlsbad Caverns. They plan to be ready to see the Caverns Friday and return Saturday.

The boys took their own "grub" and the Mayhew truck did the hauling. They will sleep in the truck or out in the open.

OLD AGE AID

WEST TEXAS Chamber of Com-

merce President publicly advocated

defeat of "Old Age Pensions." It

carried by the largest majority.

THE MANAGER of the West Tex-

adoption of the "Text Book" amend-

ment. It was defeated more than

any.

IT IS ADVOCATED that the tax

on liquor sales be used exclusively to

meet old age pensions. Not a bad

idea. A thing that causes a condi-
tion of "need" could be used to pay
off in old age.

COLORED WOMAN CATCHES

BIG SNAKE WITH FISH HOOK

Nothing in the world pleases a
colored woman better than fishing.
But catching big snakes is a new one
for one Dicey Jackson, on the Mil-
stead farm near Neinda.Dicey had been missing her eggs,
under an old hen, and some "brother"
suggested that she "pip" an egg and
push a fish hook into it. That was
the trick. The other morning Dicey
heard a great commotion in the di-
rection of the hen's nest. She had a
whopper—a big bull snake. That
was one time again when the "heel
of the woman bruised the serpent's
head."

HEAT

THAT'S HEALTHFUL

costs the least!

HAVE GAS CIRCULATED
HEAT IN EVERY ROOM

ONE serious illness brought on by a cold can
cost more in money and suffering than the
few dollars it takes to have proper heating through-
out the home. That's why healthful circulated gas
heat is more than a luxury. It is a downright neces-
sity in safeguarding your family's health through
the winter.

With circulated heat in every room the tempera-
ture of your home will be in the "comfort zone"
—between 65 and 71 degrees. Circulated heat is
healthful because it knocks cold spots and chilling
drafts. It is heat that ends wall sweating.

See the new floor furnaces and gas circulators
—units that provide this circulating heat—now.
They're easy to own. Pay only small amount down
with monthly payments beginning in October.

Piggly Wiggly Store Changed to "Safeway"

For many weeks workmen have been busy re-conditioning the Payne Building known as the Piggly Wiggly Corner.

This building is one of Hamlin's landmarks. Built in early days and has been the scene of many leading business firms. The builder, the late D. J. Payne, for a long time operated a dry goods store in it, later it was Nobles Bros.—Wood Dry Goods, the Acorn Store, and then the Hamlin home of the Piggly Wiggly.

This building extends back to the alley, and years ago it held the Post Office as well as many other kinds of business, including a tailor shop and a barber shop.

During the recent weeks the front has been overhauled, the famous long low awning has been removed, re-setting of windows and old doors closed and a general modernization on the outside. But the inside has also been made a new place. The floor space of the Piggly Wiggly has been extended 25 feet back; the entire interior has been re-painted, re-organized and today the Herald carries their announcement that "Pig-

gly Wiggly" will no longer be seen in Hamlin but the famous "SAFEWAY STORE" sign will be in evidence.

In this week's Herald the company is making announcements of this change. You will note that this store has been expanded in scope, by adding a very commodious Frigidaire equipment. This takes care of fresh meats and also cares for a large assortment of ice-cold vegetables and fruits. The light, the ventilation, the jade green enamel of all inside wood work, and new display racks make up a store that any town would feel proud to have.

The personnel consists of Manager J. D. Burk, Assistants J. H. Moore, L. M. Nicholson, and Market man, R. D. Legg. Mr. Legg is the new man in the store and he and his family, a wife and two children, are here to be citizens. "Safeway" is featuring the market in their opening this Friday. The store is placing thousands of circulars over all the Hamlin trade territory inviting people to come and see and get acquainted with the store and personnel.

Churches and Church Activities

METHODIST CHURCH

About the most unpleasant thing about the vacation season is that it tends just when one is most interested in his new and long sought hours of carelessness. Well has one said, "All play and no work leaves Parishioners without a kirk." This trite Irish saying has within it the usual rugged truth, applicable to ones every day life.

Sunday closed out the shortened service period and we are now shifting into the fall schedule with "Church Services" at eleven A. M. and eight P. M. Sunday School at 9:45, as usual, but giving more time to the devotional period. The Epworth League will have their meeting at seven-fifteen P. M. The prayer meeting will also begin at eight o'clock instead of eight-fifteen.

During the summer months, in the absence of many of our members,

we have carried on in a fine way. Considering our "Out-of-town" absentees, the services have been well attended and interesting. We have kept several pews vacant for the presence of your spirits — for we knew you were with us in spirit, but some failed to invest in their spirit of carelessness. Well has one said, "All play and no work leaves Parishioners without a kirk." This trite Irish saying has within it the usual rugged truth, applicable to ones every day life.

The evening church services are called in, that we may attend the revival services at the Baptist church.

HAMLIN MAN MARRIES

A NEBRASKA GIRL

Monday, in Anson, Mr. J. C. Farris, Jr., of Hamlin, was united in marriage to Miss Opal Smith of Lincoln, Nebraska.

This is said to consummate a romance between them, extending over a period of four years.

The bride was a teacher in Nebraska and is a charming young woman.

Mr. Farris is a son of Mr. and Mrs. J. C. Farris, who reside north of Hamlin. The couple will make their home on a farm near Hamlin.

DEATH TAKES LITTLE GIRL

Little Oma Boiles, age 10 years, the daughter of Mr. and Mrs. H. Boiles passed away at 1:00 P. M. Monday after only a short illness.

Information is that the little girl had gone with her parents to a meeting at the Garrett Tourist Camp, and perhaps she was feeling so badly that she went to a car, at which place she was found later in an unconscious condition.

A doctor was called and the little girl was carried home, near the Grammar School, but she never regained consciousness and lived only a few hours.

Perhaps the cause of death was some form of indigestion, causing complications.

Maples Funeral Home had charge of the body and burial was made Wednesday.

CARD OF THANKS

We take this method to thank all our neighbors and friends for the kindness you have shown us in this sad hour and during our daughter's and sister's illness and death. Also the floral offering. May the God of Heaven bless you.

Mr. and Mrs. H. Boiles and Children.

Demand GOOD LIGHTING

NOT THIS WAY

Inadequate and improper lighting conditions cause near-sightedness and eyestrain in children.

BUT THIS WAY

The STUDY LAMP provides light of the right quality and quantity for reading or studying.

More than half the boys and girls who fail in their studies have defective vision!

That puts it squarely up to parents to provide proper lighting conditions for study and reading. For poor lighting is the chief cause of eye strain and near-sightedness, in children.

If your child holds his book abnormally close to his eyes when reading, or if he squints, or complains of headaches... beware!

To make sure that your child will have proper lighting when the duties of the new school year arrive, let one of our representatives make a free survey of your home. The sightmeter will tell you the results. Your local office will be glad to tell you when our lighting representative is available.

Nervous, Weak Woman Soon All Right

"I had regular shaking spells from nervousness," writes Mrs. Cora Sanders, of Paragould, Ark. "I was all run-down and cramped at my time until I would have to go to bed. After my first bottle of Cardui, I was better. I kept taking Cardui and soon I was all right. The shaking quitted and I did not cramp. I felt world better. I gave Cardui to my daughter who was in about the same condition and she was soon all right."

CARDUI

Thousands of women testify Cardui benefited them. If it does not benefit YOU, consult a physician.

LITTLE LIGHTS ON LIVING

HOW TO TRAIN CHILDREN FOR LEISURE

TO BE successful in anything these days one needs training because competition is so keen. If one had five centuries to live one might be content to progress by the trial and error method. We should build on the experiences of the past, though history proves that man moves slowly along this line. Our present-day status regarding war would be enough to prove this statement.

Learning comes through two avenues to the child, namely, precept and practice from the small home duties up through the professions. Today a certain part of child life is neglected from precept and practice, which needs as much direction and guidance as their schooling. This is their play time.

Play is an important and necessary part of every one's life. It is not idleness nor is it unoccupied time, for it recreates physically and mentally. If it fails to do this it "wreck-creates" and breaks, rather than re-creates and builds. For this reason it is necessary to train children in part of their play time, making it as educational as the other hours of their day. Planned play by parents, rich or poor, is a powerful force in character building.

A friend of mine who has three sons, seventeen, fourteen and ten, wondered what to do with them when school closed. I suggested to her to let them use the basement to build book shelves for their den. It may cost a little, but it saves more in character, by keeping them busily happy and happily busy.

Children should be taught in part of their playtime to be industrious and inventive—for loving and knowing how to work is a blessed heritage. They should be given tools and materials to play and work with instead of finished, painted toys, soon laid aside when the fun is gone. This learning how to do things and how to make things helps

head, hand and heart, at the time it gives the child a sense of achievement.

Much in modern life today tends to make our children lazy and blase as they sit idly and listlessly, listening to the radio, auto riding, or watching a movie. Training for leisure enables them to grow stronger intellectually as well as physically in their playtime. Are we directing this creative energy of our children for their coming leisure so that they may enjoy the things that will enrich them throughout their lives?
